

Category No.	Section A - Aquarium Setups	Species – Common & Scientific Name	Aquarium Size in cm	Entries
1	Coldwater Community		100 x 40 x 40	
			100 x 40 x 40	
2	Tropical Community		100 x 40 x 40	
			100 x 40 x 40	
3	Aquascape		100 x 40 x 40	
			100 x 40 x 40	
4	Biotope Setup (choose tank size)		50 or 60 or 100	
			50 or 60 or 100	
5	Freshwater Nano		30 x 30 x 30	
			30 x 30 x 30	
6	Marine Community		100 x 40 x 40	
			100 x 40 x 40	
7	Marine Nano		30 x 30 x 30	
			30 x 30 x 30	

Category No.	Section B - Cichlids	Species – Common & Scientific Name	Actual Size in cm	Entries
8	One Angelfish			
9	One Discus			
10	One Cichlid up to 15cm (not mouthbrooder)			
11	One Cichlid over 15cm (not mouthbrooder)			
12	Pair Cichlids (not mouthbrooder)			
13	One Mouthbrooder Cichlid up to 15cm			
14	One Mouthbrooder Cichlid over 15cm			
15	Pair Mouthbrooder Cichlids			

Category No.	Section C - Bottomfeeders	Species – Common & Scientific Name	Actual Size in cm	Entries
16	One Corydoras / Aspidoras / Scleromystax	----- -----		
17	One Pleco	----- -----		
18	One Loach	----- -----		
19	One Other Catfish up to 15cm	----- -----		
20	One Other Catfish over 15cm	----- -----		

Category No.	Section D - Labyrinth Fish	Species – Common & Scientific Name	Actual Size in cm	Entries
21	One Betta Splendens	----- -----		
22	One Labyrinth fish up to 15cm	----- -----		
23	One Labyrinth fish over 15cm	----- -----		

Category No.	Section E - Killifish	Species – Common & Scientific Name	Actual Size in cm	Entries
24	One Killifish	----- -----		

Category No.	Section F - Danios / Rasboras / Minnows	Species – Common & Scientific Name	Actual Size in cm	Entries
25	Pair Danios / Rasboras / Minnows			

Category No.	Section G - Characins	Species – Common & Scientific Name	Actual Size in cm	Entries
26	One Characin up to 10cm			
27	One Characin over 10cm but less than 30cm			
28	One Characin over 30cm			
29	Pair Characins			

Category No.	Section H - Barbs	Species – Common & Scientific Name	Actual Size in cm	Entries
30	One Barb up to 10cm			
31	One Barb over 10cm			
32	Pair Barbs			

Category No.	Section I - Livebearers	Species – Common & Scientific Name	Actual Size in cm	Entries
33	One Guppy			
34	One Molly			
35	One Platy			
36	One Swordtail			
37	One Other livebearer			
38	Pair livebearers			

Category No.	Section J - Sharks	Species – Common & Scientific Name	Actual Size in cm	Entries
39	One Shark up to 15cm			
40	One Shark over 15cm			

Category No.	Section K - Any other species not previously mentioned	Species – Common & Scientific Name	Actual Size in cm	Entries
41	One Any Other Tropical fish up to 10cm			
42	One Any Other Tropical Fish over 10cm but less than 30cm			
43	One Any Other Tropical Fish over 30cm			

Category No.	Section L - Coldwater Fish	Species – Common & Scientific Name	Actual Size in cm	Entries
44	One Single Tail Goldfish	----- -----		
45	One Fantail Goldfish	----- -----		
46	One Koi Carp	----- -----		

Category No.	Section M - Marine Fish	Species – Common & Scientific Name	Actual Size in cm	Entries
47	One Marine Fish	----- -----		

Category No.	Section N - Crustaceans / Mollusks	Species – Common & Scientific Name	Actual Size in cm	Entries
48	One Crustacean / Mollusk	----- -----		

Category No.	Section O - Fish Bred by Exhibitor	Species – Common & Scientific Name	Date of Birth	Actual Size in cm	Entries
49	Livebearers Bred by Exhibitor	----- -----			
50	Egglayers Bred by Exhibitor	----- -----
